## CELEBRATING A MILESTONE

Someone once said, age is just a number but being young is an attitude. Such can be said about Brigitte who recently celebrated her 75th birthday. She welcomed a visit from our Town of Georgina Mayor, Margaret Quirk, who presented her with a certificate and flowers. Brigitte was all smiles. Besides being a milestone birthday for most, Brigitte is one of the oldest people living with Down Syndrome. Brigitte greets every day with a smile. She is social, enthusiastic and enjoys all that life has to offer. We wish her the very best on her special day and look forward to many more years to come.

**CONGRATULATIONS!**

# CLEANING UP OUR COMMUNITY

Written by  
Kyla Davis

I would love to thank Community Living support staff member Sylvia, for the opportunity to be a part of the event of cleaning up the park at the Lion's Hall in Pefferlaw. The town of Georgina brought us garbage bags and gloves to use for the clean up in the park area. Becky, Junior and I had fun working in the outdoors. We also sat at a picnic table to have our lunch afterwards. The park looked really good as soon as we were done. It was an important outing because cleaning up is better for the environment and safer for people using the park. Our group enjoyed spending time with friends outdoors.

## THERE'S NO PLACE LIKE "HOME"STEAD ORCHARD

We went to Homestead Orchard with our friends to pick some apples to make some candy apples. The weather was nice. We picked two baskets of a variety of apples. We then had a picnic and had some apple cookies that were freshly made on the farm. The fun continued into the afternoon. We took some more pictures with our friends and had so much fun making our own candy apples to take home to share with the apples we had picked. Homestead Orchard is a great place to visit.

# WE REMEMBER

On November 10th we visited the Georgina Military Museum in Keswick. We had a tour through two portables and outdoor displays. We even got to go through mock World War I trenches with sound effects. There were lots of things to see and learn. The tunnel was kind of scary because it sounded and felt real. There were a bunch of uniforms that soldiers wore. One of my favorite uniforms is the white one used in snowy weather to be camouflage. There were also a lot of artifacts; like some of the medicine used and the Morse Code machine. It was an interesting tour and the tour guides were very nice and knew a lot.
